

The Minister of Agriculture, Irrigation and Water Development Honourable Kondwani Nankhumwa, last week opened the 16th National Agriculture Fair assuring stakeholders in the sector that funds to the tune of USD95.0 million to implement the Agriculture Commercialization Project across the country have been secured. The project which kicked off last year is currently selecting viable projects from farmer organizations for financing either through grants or partial credit guarantee, the Minister revealed.

In his remarks MCCI President Prince Kapondamgamga said to attain sustainable and lasting solutions to promoting agriculture as a source of wealth, the grower must always make profit hoping that the funding government has secured will promote this.

## Government secures agriculture commercialization funding
