

## **Introduction**

The Malawi Confederation of Chambers of Commerce and Industry (MCCCI), representing the view of our members who are from all sector of the economy and are the largest source of Government revenue, would like to put on record our deepest shock and disappointment with blatant lack of accountability, transparency and responsibility by the executive with respect to handling issues relating to looting of public funds, disappearance of proceeds from sale of the Presidential Jet, poor prioritization of public expenditure as evidence by preference for frequent travels by the executive vis-avis pro-poor programmes such as procurement of drugs etc, and failure to call parliament to meet mid-year.
